#IMPROVINGTHEWORLDWELIVEIN

FOREWORD

The mission of the Eswatini Standards Authority (ESWASA) is to promote quality principles and facilitate the use of standards to reduce technical barriers to trade and investment, ensure a sustainable Eswatini economy and safeguard the nation's health, safety and environment. An essential component to fulfilling this mission can be traced directly to one of the Authority's functions to "encourage or undertake educational work in connection with standardization and quality" as provided in its founding Act. Through its Training Unit, ESWASA will be conducting courses during the 2021 calendar year as indicated in this training programme.

We undertake to provide quality training that is relevant to the needs of our society. This we will ensure by engaging well qualified and experienced instructors for each and every course we offer.

As the National Standards Body we are proud to offer standards-based training that will help industry, commerce and the public sector to maximize their return on investment by understanding and implementing the Eswatini National Standards (SZNS).

TERMS AND CONDITIONS

Attending training sessions offered by the Eswatini Standards Authority (ESWASA) provides numerous advantages for individuals and organizations aiming to enhance their quality management practices and align with international standards. Key benefits include:

1. Standards-Based Training

ESWASA's courses are grounded in international standards, ensuring high-quality content and delivery. These modules are developed in collaboration with recognized standards experts, providing participants with globally relevant knowledge.

2. Interactive Learning Environment

Training sessions are conducted in small, highly interactive groups, allowing for individualized attention. This hands-on approach facilitates quick and in-depth skill acquisition.

3. Customized Course Content

ESWASA offers flexibility in course content, tailoring training to meet specific business objectives and industry needs. Organizations may request specific trainings which are not listed in this document.

APPLICATION

The maximum number of delegates per course is limited due to seating capacity and our pursuit of effective instruction by ensuring a good instructor to delegate ratio. Application forms are available on our website www.swasa.co.sz and by request through fax or can be collected at our offices. All applications are to be completed and received by our office 10 working days before the commencement of each course.

ACCEPTANCE

Applicants will be notified of the outcome of their applications soon thereafter. Acceptance of the offer has to be acknowledged by the participant in writing and sent by email or fax to the office as soon as possible, 7 days before the start of the training for registration.

CANCELLATIONS

A cancellation fee of 50% of the course fee will be deducted to participants who cancel after confirmation and registration.

COURSE FEES AND PAYMENTS

Course fees are charged per person and are inclusive of meals and refreshments for the duration of the training. Fees are payable in full and in advance by cash deposit or transfer to the Eswatini Standards Authority account. (See bank details below)

Proof of payment must be submitted to the course administrator 7 working days before classes commence.

TRAVEL AND ACCOMMODATION

Participants are responsible for their own travel and accommodation arrangements. All courses offered are day courses.

COURSE PRESENTATION

Training is conducted in English only.

CERTIFICATION

100% attendance is required for each participant to receive a certificate. Where examinations are required the pass mark for all courses is 60%. Where no examinations are required, a certificate of attendance shall be issued.

PACKAGES

ESWASA provides stationery and internet access to all candidates.

TRAINING VENUES

The venue for most courses will be at ESWASA premises. Other venues can be used and participants informed of such in good time.

IN-HOUSE TRAINING

On special written request, and if possible, ESWASA shall provide in-house training for organizations. In-house training will be presented to a minimum of 5 and not more than 20 participants. The organization shall be responsible for providing a suitable training room with audio visual equipment as well as refreshments.

AWARENESS ON SZNS ISO 9001:2015 COURSE

COURSE CODE: QMS 01

OBJECTIVES

- ✓ To give participants an overview of Quality Management Systems.
- ✓ To help organizations comply with the requirements of SZNS ISO 9001:2015

COURSE CONTENT

- ✓ History and overview of the ISO 9000 series
- ✓ Principles of Quality Management
- ✓ Quality Management System – Requirements of ISO 9001:2015

COURSE DATES AND DURATION

- ✓ INCLUDED IN 2025 TRAINING CALENDAR
- ✓ 1 day

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 2, 500.00 per person

UNDERSTANDING AND IMPLEMENTATING

SZNS ISO 9001:2015 QUALITY MANAGEMENT SYSTEMS

COURSE CODE: QMS 02

OBJECTIVE

- ✓ Participants understand the requirements and implement the standard in their organizations.

COURSE CONTENT

- ✓ Quality Concepts, the evolution of QMS
- ✓ Organizational benefits of implementing QMS
- ✓ Documentation of QMS
- ✓ Implementation of ISO 9001
- ✓ Quality Management Principles for Organizations
- ✓ Process Model Approach
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days
- ✓ INCLUDED IN 2025 TRAINING CALENDAR

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

INTERNAL AUDITING SZNS ISO 9001:2015 QUALITY MANAGEMENT SYSTEMS

COURSE CODE: QMS 03

OBJECTIVE

- ✓ To impart knowledge and skills on the principles and practices of conformity assessment for Quality Management Systems

COURSE CONTENT

- ✓ Quality and Quality Assurance
- ✓ Types of Audits
- ✓ Understanding ISO 9001 as a basis for audits
- ✓ Planning and Managing an audit programme
- ✓ Auditor Skills
- ✓ Reports and follow-ups
- ✓ Certification

COURSE DATES AND DURATION

- ✓ 5 days
- ✓ INCLUDED IN 2025 TRAINING CALENDAR

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

QUALITY MANAGEMENT SYSTEMS FOR MSME's BASED ON SZNS ISO 9001:2015

COURSE CODE: QMS 04

OBJECTIVE

- ✓ Participants to understand the requirements and implement the standard in their Businesses.

COURSE CONTENT

- ✓ Quality Concepts, the evolution of QMS
- ✓ Organizational benefits of implementing QMS
- ✓ Documentation of QMS
- ✓ Implementation of ISO 9001
- ✓ Quality Management Principles for Organizations
- ✓ Process Model Approach

COURSE DATES AND DURATION

- ✓ COURSE OFFERED ON REQUEST
- ✓ 3 days

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 3, 000.00 per person

UNDERSTANDING AND IMPLEMENTING

SZNS SANS 16001:2013 WELLNESS AND DISEASE MANAGEMENT SYSTEMS (INCLUDING HIV AND AIDS AND TB)

COURSE CODE: WDM 02

OBJECTIVES

- ✓ To enhance the participants' capacity to implement the HIV and AIDS Management System in their organizations

COURSE CONTENT

- ✓ Overview of the HIV/AIDS and TB scenario in Eswatini
- ✓ HIV/AIDS and TB mitigation
- ✓ Understanding SZNS SANS 16001:2013 WDMS
- ✓ Monitoring and Evaluating WDMS
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days
- ✓ COURSE OFFERED ON REQUEST

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

AWARENESS COURSE ON

SZNS ISO 14001:2015 ENVIRONMENTAL MANAGEMENT SYSTEMS (EMS)

COURSE CODE: EMS 01

OBJECTIVES

- ✓ To give participants an overview of Environmental Management Systems.
- ✓ To help organizations comply with the requirements of SZNS ISO 14001:2015

COURSE CONTENT

- ✓ History and overview of the ISO 14000 series
- ✓ Environmental Management System – Requirements of ISO 14001:2015

COURSE DATES AND DURATION

- ✓ 1 day
- ✓ COURSE OFFERED ON REQUEST

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 2, 500.00 per person

UNDERSTANDING AND IMPLEMETING

SZNS ISO 14001:2015 ENVIRONMENTAL MANAGEMENT SYSTEMS (EMS)

COURSE CODE: EMS 02

OBJECTIVE

- ✓ This training has been developed to assist organizations and individuals planning to implement ISO 14001:2004 Environmental Management Systems (EMS) standard.

COURSE CONTENT

- ✓ The basic concepts of EMS;
- ✓ Introduction to ISO 14001:2015 concepts.
- ✓ The requirements, interpretation and intent of the ISO 14001:2015 Standard.
- ✓ Environmental aspects - impacts & assessment; legislative issues **(not site-specific)**
- ✓ Implementation and continual improvement of ISO 14001:2015
- ✓ The importance of the Management's role in implementing an Environmental Management System.
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days - INCLUDED IN 2025 TRAINING CALENDAR

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

AUDITING ISO 19011 ENVIRONMENTAL MANAGEMENT SYSTEMS
COURSE CODE: EMS 03

OBJECTIVES

- ✓ To impart knowledge and skills on the principles and practices of conformity assessment for Environmental Management Systems (EMS).

COURSE CONTENT

- ✓ Quality and Quality Assurance
- ✓ Types of Audits
- ✓ Understanding ISO 9001 as a basis for audits
- ✓ Planning and Managing an audit programme
- ✓ Auditor Skills
- ✓ Reports and follow-ups
- ✓ Certification

COURSE DATES AND DURATION

- ✓ 5 days

COST

- ✓ E 5, 500.00 per person

OCCUPATIONAL HEALTH AND SAFETY INCIDENT INVESTIGATION

COURSE CODE: OHS 05

OBJECTIVES

Candidates who successfully complete this course will be able to:

- ✓ explain why and how workplace incidents need to be reported and investigated
- ✓ explain the concepts of multiple causations and root-cause analysis
- ✓ Apply root cause analysis techniques
- ✓ conduct an incident investigation process using a hypothetical incident
- ✓ Produce an incident investigation report and related forms.

COURSE CONTENT

- ✓ Introduction to incident investigation
- ✓ Incident reporting and the Safety Health Act of 2001
- ✓ Root cause analysis (Surface causes and Basic causes)
- ✓ Root cause analysis techniques:
- ✓ The Five Whys
- ✓ cause effect diagram or fishbone diagram
- ✓ Practical or group work (hypothetical incident)
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days
- ✓ COURSE OFFERED ON REQUEST

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

SHE REPRESENTATIVES
COURSE CODE: OHS 06

The Occupational Health and Safety Act 2001 (OHS Act) recognizes the important role Health & Safety Representatives (HSRs) play in representing the health & safety interests of employees. When employees have input into health & safety, workplaces have better health & safety outcomes. This means fewer workplace incidents and injuries.

OBJECTIVES

Candidates who successfully complete this course will be familiar with:

- ✓ The roles and responsibilities of SHE reps
- ✓ OH&S obligations of the employer
- ✓ Occupational Health & Safety Act of 2001

COURSE CONTENT

- ✓ Safety, Health & Environment Representatives (SHE Reps.)/ Safety & Health Representatives
- ✓ Election of Health & Safety representatives (SHRs)
- ✓ Functions of the Safety & Health representatives
- ✓ Duties of employer, and employee
- ✓ Safety and Health statement, Safety and Health policy
- ✓ Safety and Health committees
- ✓ Examples of dangerous incidents that you may need to investigate included
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days, INCLUDED IN 2025 TRAINING CALENDAR

VENUE

COST

- ✓ E 5, 500.00 per person

AWARENESS TO SZNS SANS 10330:2020 FOOD SAFETY MANAGEMENT —REQUIREMENTS FOR A FOOD SAFETY SYSTEM BASED ON PREREQUISITE PROGRAMS AND HAZARD ANALYSIS AND CRITICAL CONTROL POINT (HACCP) PRINCIPLES

COURSE CODE: FS 01

OBJECTIVES

- ✓ To give participants an overview of food safety management and HACCP
- ✓ To help organizations comply with the requirements of SZNS SANS 10330:2020

COURSE CONTENT

- ✓ History and overview of the SANS 10330:2020
- ✓ Briefing on principles of HACCP and prerequisite programs
- ✓ Briefing on requirements for a food safety system based on prerequisite programs and Hazard Analysis and Critical Control Point (HACCP) principles – Requirements of ISO SANS 10330:2020

COURSE DATES AND DURATION

- ✓ COURSE OFFERED ON REQUEST
- ✓ 1 day

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 2, 500.00 per person

FOOD SAFETY: UNDERSTANDING & IMPLEMENTING SZNS ISO 22000:2018 FOOD SAFETY MANAGEMENT SYSTEMS - REQUIREMENTS FOR ANY ORGANISATION IN THE FOOD CHAIN

COURSE CODE: FS 02

OBJECTIVES

- ✓ Upon completion of the course, individuals will be able to recognize, identify and assess all hazards that may be expected in the food chain that may be associated with the type of process and facilities used in their organizations, and how their control can be ensured by combining PRP(s), operational PRP(s) and the HACCP plan.
- ✓ Participants will understand the integration of HACCP principles with ISO 22000 and their application steps and thus be able to implement a Food Safety Management System that recognizes the organization's role and position within the food chain, and ensures the delivery of safe food.

COURSE CONTENT

- ✓ Overview and background of ISO 22000 - ISO 22000 Family of standards
- ✓ Needs and benefits of ISO 22000
- ✓ Good Manufacturing Practices & Food Safety
- ✓ Overview of HACCP and its principles
- ✓ Overview of Quality Management Systems
    - Quality Management Principles
- ✓ ISO 22000- The standard Prerequisite programs
    - Hazard analysis
    - The HACCP Plan
- ✓ Examination

FOOD SAFETY: UNDERSTANDING AND IMPLEMENTING

SZNS SANS 10330:2020 A HAZARD ANALYSIS & CRITICAL CONTROL POINT (HACCP) SYSTEM

COURSE CODE: FS 04

OBJECTIVES

- ✓ Upon completion of the course, individuals will be able to identify the critical safety issues involved in the handling, preparing and processing, and serving/distribution of safe food. Participants will understand the HACCP methodology and will therefore attain skills in developing, implementing and maintaining a HACCP plan.

COURSE CONTENT

- ✓ Overview and History of HACCP
- ✓ Needs and Benefits of HACCP
- ✓ Prerequisite programs
- ✓ Food Safety hazard assessment
- ✓ Principles of HACCP
- ✓ The HACCP Study
- ✓ Maintaining the HACCP system
- ✓ Examination

UNDERSTANDING AND IMPLEMENTING ISO 22301 BUSINESS CONTINUITY AND RISK MANAGEMENT

COURSE CODE: BCRM 02 [NEW]

This specifies requirements to give clear and detailed views of how an organization operates, offering valuable insights that are useful for strategic planning, risk management, supply chain management, business transformation and resource management. It is designed to be integrated into an organization's existing management processes.

OBJECTIVES

- ✓ The ability to reassure clients, suppliers, regulators and other stakeholders that the organization has sound systems and processes in place for business continuity.
- ✓ Improved business performance and organizational resilience.
- ✓ A better understanding of business through analysis of critical issues and areas of vulnerability.

COURSE CONTENT

- ✓ Overview of the Eswatini Standards Authority
- ✓ Definition and benefits of ISO 22301 standard
- ✓ Common Business Continuity Myths and Misconceptions
- ✓ Risk Management
- ✓ Business Impact Analysis (BIA) and Business Continuity Planning (BIP)
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days - COURSE OFFERED ON REQUEST

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

UNDERSTANDING AND IMPLEMENTING ISO/IEC 27001 INFORMATION SECURITY, CYBERSECURITY AND PRIVATE PROTECTION (MS)

COURSE CODE: ISMS 02 [NEW]

This specifies requirements for establishing, implementing, maintaining and continually improving an information security management system within the context of the organization. Also includes requirements for the assessment and treatment of information security risks tailored to the needs of the organization.

OBJECTIVES

- ✓ Understand the requirements to implement an ISMS that conform to the standard.
- ✓ To provide formal specifications that bring information security under categorical management control.
- ✓ Validate implementation of ISO/IEC 27001 through formal audits by accredited organization, certifying compliance to the requirement of the standard.

COURSE CONTENT

- ✓ Overview of the Eswatini Standards Authority
- ✓ Information security policy and objectives
- ✓ Risk assessment report, risk treatment methodology and risk treatment plan
- ✓ Definition of security roles and responsibilities
- ✓ Acceptable use of assets and access control policy
- ✓ Supplier security policy, Secure system engineering principles
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days - COURSE OFFERED ON REQUEST

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

UNDERSTANDING AND IMPLEMENTING ISO 15489 INFORMATION AND DOCUMENTATION - RECORDS MANAGEMENT

COURSE CODE: IDRM 02 [NEW]

Records management involves creating a level of efficient and systematic control over creation, use, disposition of records, and setting policies for maintaining different types of records. Electronic records management provides this functionality and is the current standard for preserving important records and documents.

OBJECTIVES

- ✓ Set up customized workflows to meet the growing needs of your organization and use automation to enable adherence to best practices.
- ✓ Understanding the context you operate in, the nature of the business you do and the risks and requirements associated with that business.

COURSE CONTENT

- ✓ Overview of the Eswatini Standards Authority
- ✓ Records, metadata for records and records systems
- ✓ Policies, assigned responsibilities, monitoring and training supporting the effective management of records.
- ✓ Recurrent analysis of business context and the identification of records requirements
- ✓ Records controls, processes for creating, capturing and managing records
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days - COURSE OFFERED ON REQUEST

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

ROOT CAUSE ANALYSIS

This training provides participants with practical tools and techniques to identify, analyze, and address the underlying causes of problems in business processes. Over three days, learners will engage in hands-on exercises, case studies, and structured methodologies to systematically investigate issues and implement effective solutions.

OBJECTIVES

- ✓ To equip participants with systematic problem-solving skills using RCA tools such as the 5 Whys and Fishbone Diagram.
- ✓ To enable participants to develop and implement corrective actions that prevent problem recurrence and enhance process efficiency.

COURSE CONTENT

- ✓ Introduction to RCA
- ✓ Definitions
- ✓ Benefits of RCA
- ✓ Practical guide to carrying out an RCA
- ✓ RCA Tools and Technique
- ✓ Fishbone
- ✓ 5 Why's technique
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 3 days, INCLUDED IN 2025 TRAINING CALENDAR

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

UNDERSTANDING AND IMPLEMENTING ISO 39001 ROAD TRAFFIC SAFETY

ISO 39001 training provides participants with a comprehensive understanding of the requirements for establishing and maintaining a Road Traffic Safety Management System (RTSMS) in accordance with the ISO 39001 standard. The course covers key concepts such as identifying and managing road traffic safety risks, developing RTS policies, and implementing effective safety performance factors.

OBJECTIVES

- ✓ To equip participants with the knowledge and skills necessary to establish, implement, and maintain a Road Traffic Safety Management System (RTSMS) in accordance with ISO 39001 standards.
- ✓ To enable participants to identify road traffic safety hazards and implement effective controls to mitigate risks, thereby reducing the likelihood of traffic-related incidents.

COURSE CONTENT

- ✓ Introduction to ISO 39001 and Road Traffic Safety Management Systems (RTSMS)
- ✓ Key Requirements and Framework of ISO 39001
- ✓ Risk Management and Hazard Identification in Road Traffic Safety
- ✓ Implementation Strategies for RTSMS
- ✓ Internal Auditing and Continuous Improvement
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days, INCLUDED IN 2025 TRAINING CALENDAR

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

QUALITY ASSURANCE

A Quality Assurance (QA) course provides participants with a comprehensive understanding of the principles and practices essential for ensuring that products or services meet defined quality standards.

OBJECTIVES

- ✓ To equip participants with the knowledge and skills necessary to implement and maintain effective quality management systems, ensuring that products or services consistently meet established quality standards.
- ✓ To develop participants' abilities to utilize various quality assurance tools and techniques, such as process control and continuous improvement strategies, to enhance organizational performance and customer satisfaction.

COURSE CONTENT

- ✓ Identify the function of quality assurance
- ✓ Identify elements of quality control
- ✓ Describe & explain the elements of quality control systems
- ✓ State the functions of quality control and SPC
- ✓ Explain the relationship between quality and reliability; price and delivery
- ✓ Explain the relationship between quality and other considerations
- ✓ Explain the concept of feedback
- ✓ Define terms relating to quality assurance and reliability
- ✓ Examination

- ✓ E 5, 500.00 per person

SZNS ISO 50001 ENERGY MANAGEMENT SYSTEMS (ENMS) UNDERSTANDING AND IMPLEMENTATION

Energy Management System (EnMS) course provides participants with the knowledge and skills to develop, implement, and maintain systems that improve energy performance, enhance efficiency, and reduce costs within an organization.

Objectives

- ✓ To equip participants with the knowledge and skills necessary to develop and implement an effective Energy Management System (EnMS) that enhances energy efficiency and reduces operational costs within their organization.
- ✓ To enable participants to identify energy-saving opportunities, set measurable energy performance objectives, and establish processes for continuous improvement in energy management practices.

Course content

- ✓ Why ISO 50001 Energy Management Standard (EnMS)
- ✓ Business benefits
- ✓ Basic principle and philosophy of EnMS
- ✓ ISO 50001 requirements
    - Energy policy
    - Objectives, targets and action plans
    - Energy planning
    - Implementation and operation
    - Auditing
- ✓ Integration with other ISO standards
- ✓ Examination

COURSE DATES AND DURATION

COST

- ✓ E 5, 500.00 per person

HAZARDOUS WASTE MANAGEMENT

A Hazardous Waste Management course provides participants with the knowledge and skills necessary to identify, handle, store, and dispose of hazardous wastes in compliance with environmental regulations.

OBJECTIVES:

- ✓ To enable participants to accurately identify hazardous waste and apply proper storage and labeling procedures to ensure safety and regulatory compliance.
- ✓ To equip participants with the skills to implement effective hazardous waste minimization strategies and manage disposal processes in accordance with legal requirements

Course content

- ✓ Characterization of hazardous waste
- ✓ Management of specific waste types
- ✓ Waste minimization procedures
- ✓ Environmental audits
- ✓ Hazardous waste identification
- ✓ Hazardous substance segregation
- ✓ Hazardous waste handling and documentation
- ✓ Legislation and compliance
- ✓ Risk assessment and control and cleaner production
- ✓ Cleaner production
- ✓ Disposal
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days - COURSE OFFERED ON REQUEST

SZNS ISO 31000 ENTERPRISE RISK MANAGEMENT

The SZNS ISO 31000 Enterprise Risk Management course provides participants with the knowledge and skills to effectively implement, maintain, and improve organizational risk management processes in alignment with ISO 31000.

OBJECTIVES:

- ✓ To equip participants with an understanding of risk management concepts and processes required to integrate risk management into any management system.
- ✓ To develop participants' skills in conducting effective and meaningful Root Cause Analysis to facilitate ongoing continuous improvement within their organizations.

COURSE CONTENT

- ✓ Describe the fundamentals of risk management
- ✓ Explain the fundamentals of a risk management system
- ✓ Describe the relevance and context of ISO 31000:2018
- ✓ Outline the structure and purpose of ISO 31000:2018
- ✓ Elaborate on the key principles of ISO 31000:2018
- ✓ Identify key aspects and interrelationships of a risk management framework with the organization's management system
- ✓ Describe the risk management process
- ✓ Outline a process for implementation of a risk management framework
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days - COURSE OFFERED ON REQUEST

VENUE

- ✓ ESWASA Training Centre

COST

- ✓ E 5, 500.00 per person

SZNS ISO 55001 ASSET MANAGEMENT SYSTEMS DEVELOPMENT AND IMPLEMENTATION

An ISO 55001 Asset Management Systems Development and Implementation course provides participants with the knowledge and skills to establish, implement, and maintain an effective asset management system aligned with ISO 55001 standards.

OBJECTIVES

- ✓ To enable participants to interpret and apply the requirements of ISO 55001 in developing an asset management framework that integrates with organizational processes.
- ✓ To equip participants with the skills necessary to conduct a baseline review of their organization's current asset management practices and implement key elements for continuous improvement.

COURSE CONTENT

- ✓ Understanding the Risk Based Thinking approach to business
- ✓ Understanding the Context of the organization
- ✓ Identification of Interested parties and how they impact the business
- ✓ Establishing and Asset Management System (AMS) Policy
- ✓ Establishing AMS Objectives
- ✓ Establishing AMS Procedures framework
- ✓ Higher emphasis on performance monitoring and integration with other business activities
- ✓ Enhancement of process approach PDCA
- ✓ Decentralization of the system and spread of responsibilities for the AMS throughout the organization
- ✓ Greater engagement of top management in the AMS
- ✓ Examination

COURSE DATES AND DURATION

- ✓ 5 days - COURSE OFFERED ON REQUEST
